Arvazallia Premium Argan Oil Hair Treatment

For All Hair Types

Arvazallia Premium Argan Oil Hair Treatment is a premium residue-free hair treatment that instantly transforms your hair by improving manageability, restoring health and strength, and giving it a brilliant silky finish and radiant shine.

This versatile hair treatment can be used to restore over-processed hair damaged by chemicals and environmental conditions. It also revives, hydrates, and untangles hair, wigs, and hair extensions. When applied before coloring it improves the absorption of the color providing a more even application.

USAGE INFORMATION

Arvazallia Premium Argan Oil Hair Treatment can be applied to both damp and dry hair but to get the maximum benefits we recommend you apply it to clean hair after washing and before applying any other products following the steps below.

Applying to Damp Hair After Washing

Step 1: Pump 2-4 pumps of oil into the palm of your hand and rub your hands together.

Step 2: Run your fingers through your hair working the oil throughout your hair beginning from the root and working outward towards the ends. If you have naturally oily scalp or longer hair, you can apply from mid-length downward and then work your way up towards the roots.

Step 3: Allow your hair to air dry or you can blow dry your hair and style as usual. Because of the detangling effects of the oil it helps to improve drying time. It also acts as a heat protectant and helps protect your hair from heat damage when blow drying or using hair irons.

Step 4: After you've finished drying and styling your hair, apply another 1-2 pumps of oil using the same process to control loose out of place hair and to further condition your hair and give it a beautiful and radiant shine.

Arvazallia Hydrating Argan Oil Hair Mask

For Dry or Damaged Hair

Arvazallia Hydrating Argan Oil Hair Mask is a salon quality deep conditioning and moisturizing treatment that is Guaranteed to Restore, Revitalize, and Reinvigorate dry hair or hair damaged by heat, over-processing, or other conditions.

This Premium 5 Minute Restoration and Hydration treatment will improve your hair's elasticity and manageability and leave it feeling soft, silky, and shiny. It also strengthens and repairs your hair by filling in dents and divots that make your hair more susceptible to breakage.

USAGE INFORMATION

Arvazallia Hydrating Argan Oil Mask should be used in place of your hair conditioner. Apply a generous amount of the mask to clean shampooed hair that is still damp or lightly towel-dried. Comb the treatment through your hair to allow it to be evenly distributed throughout your hair. Allow it to absorb into your hair for 5 to 7 minutes and then thoroughly rinse the mask from your hair. Next style your hair as usual.

How Often To Use

Arvazallia Hydrating Argan Oil Mask should only be used 1-2 times per week.

Maximizing Your Results

For deeper conditioning, restoration, and to further improve manageability and shine following the mask treatment, apply 1-3 pumps of Arvazallia Premium Argan Oil Hair Treatment to your hair after styling.

For Thick or Coarse Hair

For very thick or coarse hair you can add and mix in 2-4 Pumps of Arvazallia Premium Argan Oil Hair Treatment to the Mask prior to applying it to further improve manageability, elasticity, and shine.

Arvazallia Ultra Curl Defining Cream with Argan Oil

For Wavy to Curly Hair

Arvazallia Ultra Curl Defining Cream with Argan Oil utilizes an advanced premium curl cream that deeply penetrates and conditions wavy and curly hair to restore its definition and activate curls. It eliminates frizz and provides the perfect combination of hold, smoothing, and shine to give you beautiful, healthy looking, bouncy curls. It also contains a combination of Argan Oil and Vitamin E to nourish and enrich your hair with essential vitamins and nutrients.

USAGE INFORMATION

Apply a generous amount of the product to clean shampooed hair that is still damp or lightly towel-dried. You can then allow your hair to dry naturally for a more subtle and relaxed curl or use a diffuser to trigger the product's heat activation which will provide tighter curl definition.

Maximizing Your Results

To further enhance the results you get from this treatment you can deep condition your hair prior to applying the treatment using Arvazallia's Hydrating Argan Oil Hair Mask treatment. You would use the mask in place of your regular conditioner prior to applying the treatment.

After you've applied the Ultra Curl Defining Cream treatment and styled your hair you can apply 1-2 pumps of Arvazallia's Premium Argan Oil Hair Treatment to further improve Manageability, Softness, and Shine.

Arvazallia Advanced Hair Repair System with Argan Oil and Macadamia Oil
